PROFILE

Multimedia designer with experience in UX, frontend development, graphic design, motion, digital marketing and content creation. I grew up in Argentina and am studying in Denmark, with years in hospitality and retail before pursuing design. That mix gave me a broad perspective and a habit of connecting things that don't usually go together. Currently studying at EASV while running freelance projects in parallel.

SELECTED COMPETENCIES

- UI/UX Design
- Visual Design
- Digital Marketing
- Frontend Development
- Information Design
- Content Creation
- Brand Identity
- Motion Design
- UX-UI Research

EDUCATION

Present

AP Degree in Multimedia Design
SEA, Business Academy SouthWest, Esbjerg, Denmark
UX/UI Design & Research · Brand Identity · Frontend Development
- 2021

High School Diploma, Economics & Business
Instituto Nuestra Señora de Luján, Argentina

EXPERIENCE

- 2025
Present

Freelance Multimedia Designer
Self-Employed, Aarhus, Denmark
I work directly with clients to turn abstract concepts into concrete digital experiences and cohesive visual identities. Projects span web design, brand identity, UX research and frontend development.
- 2024
Present

Sales Assistant & Visual Stylist
Uniq, Aarhus, Denmark
I manage store layout and inventory using trend analysis to build visual narratives aligned with the brand.
- Aug 2022
Oct 2023

Restaurant Manager
Bar Habla, Aarhus, Denmark
I led teams under pressure in a high volume hospitality setting. Managed daily operations and prioritized the customer experience end to end.
